

MathType University Department License

The MathType University Department License is an affordable MathType licensing program that eliminates the hassle of complicated software administration.

Pricing is determined by the combined number of full and part-time faculty members employed by the department; however, MathType may be used on computers within the control of all faculty and staff of the participating University department. University departments with less than 25 faculty members must pay for 25.

MathType University Department licenses are available to University, TAFE (AU) and Polytechnic (NZ).

Summary

No restrictions on the number of computers No restrictions on concurrent use	A MathType Department License allows use of MathType on all computers within the control of faculty, staff and students of the participating department within a university. MathType can be installed on: <ul style="list-style-type: none">▪ Computers and/or networks within the control of faculty, staff and students of the department.▪ Home use is permitted for faculty, staff and students of the department.
